### PROMOTING TUNING INDIA COMMUNITY

The **Tuning Community of India**, as part of Global Tuning Community, will act as a **platform for reflection and action about higher education**, where members have the **possibility of networking with professionals in their own subject areas from many countries and regions** of the world.

The Tuning Community is based on the **engagement and commitment of institutions and individuals**. It is built on every person who takes part in it and shares ideas, initiatives and doubts. It welcomes contributions from all academics and every professional who cares about higher education and future trends in their field. It rests on people from different regions of the world who share aims and objectives of Tuning and have the creativity and flexibility to adapt it to their needs. The diversity of the Tuning Community allows members to communicate regularly with their peers to discuss, share and benchmark their experiences.

## **TUNING INDIA: WAY FORWARD**

### **ORGANISING AND LAUNCHING TUNING CENTRES IN INDIA**

**Tuning India Centres will be entities that promote and disseminate the main activities of the Tuning India project as well as updating Indian stakeholders about other similar initiatives of Tuning Academy all over the world. All activities will be conducted in close cooperation with the Tuning Academy. The Centres will be opened only on the basis of project results and agreement with universities that are able to fulfil and support these activities by the end of the project.**

**On the agreement with SAG Coordinators, the Tuning Centres will be opened at their Universities:**

**Jawaharlal Nehru University  
Manipal Academy of Higher Education  
Savitribai Phule Pune University  
University of Calcutta  
PSG Institution of Medical Sciences and Research  
IIS University**
