Web

<http://tuningindia.org>

Partners

Number of institutions

5 EU + 15 PC = 20

Countries

India

Spain, Netherlands, Ireland, Italy, Belgium,

Subject Area Groups

Total number of participants – 42

Academics - 31:

Law- 7

ICT - 7

Medicine - 8

Teacher Education – 9

Contact persons – 20 (only 4 contact persons are not members of SAGs)

Objectives

Wider objective

The wider objective of the project is to contribute to and support the internationalization process in India through building of a framework of comparable, compatible and transparent degree programmes.

The project is aimed to achieve the following specific objectives:

Specific objectives

- To apply the Tuning methodology in Indian universities in four subject areas – Law, ICT, Medicine and Teacher Education.
- To develop Tuning Meta-Profiles in four subject areas.
- To develop, implement, monitor and improve degree programmes.
- To promote sub regional and international cooperation between India and EU universities.

Outcomes

The principal **outputs and outcomes** are:

- Subject Area Groups in Law, ICT, Teacher Education, Medicine for India;
- Reference Points for the design and delivery of degree programmes in mentioned subject areas;
- Degree Programme Profiles, including programme competences and programme learning outcomes,
- training seminars for managers and high quality teaching staff,
- international promotion and dissemination conferences.

The outcomes of the project are of relevance for all higher education institutions in India.

Activities

First Meeting

Definition of competences for subject areas

List of Generic and Subject Specific Competences
